

## Product Data Sheet

|   |   |
|---|---|
| <b>1.0 Name of the product</b>              | Dream Tape  |
| <b>2.0 Product description</b>              |   |
| <b>2.1 Description</b>                      | <p>Dream Tape is a non-elastic strapping tape constructed from viscose fabric and coated with a natural rubber adhesive.</p> <p>The adhesive is streaky.</p> <p>The product is rolled around a cardboard core.</p>  |
| <b>2.2 Intended purpose</b>                 | <p>Dream Tape is intended for functionnal taping as treatment and prevention of injuries to muscles, ligaments and joints. It's intended for rigid immobilization and for sport injuries (sprains and strains).</p> <p>The device is non-sterile and for single application use only.<br/>Intended Users are Health Care Professionals and patients.<br/>Use of device is not restricted to specific populations.</p> |
| <b>2.3 Instructions for use</b>             | No IFU is required for this kind of product due to the low risk to user. All necessary information for safe use is available on labelling.  |
| <b>2.4 Warnings and precautions for use</b> | Dream Tape contains natural rubber latex and natural colophony. The appropriate symbols and wording are applied to the labelling to inform the user that they may cause allergic reactions.   |
| <b>2.5 Contraindications</b>                | No known contraindications.   |
| <b>2.6 Transport Precautions</b>            | Not applicable.   |
| <b>2.7 Duration of application</b>          | For short term use with an intended duration of usage for not more than 30 days.  |

### 2.9 Composition

| Designation<br>(incl. no. in drawing) | Description               | % of final product |
|---------------------------------------|---------------------------|--------------------|
| Fabric (1)                            | Riga 150 S/Plast T + ecru | 51%                |
| Adhesive (2)                          | Adhesive 805              | 49%                |
| Core (3)                              | Cardboard                 | -                  |

| <b>2.10 Product range</b>            | Size/ Color                           | Per plastic tray | Per shipper | Product code |
|--------------------------------------|---------------------------------------|------------------|-------------|--------------|
|                                      | 4cm x 10m                             | 8                | 24          | 73493-00     |
|                                      | 2.5cm x 10m                           | 6                | 36          | 73493-01     |
|                                      | 5cm x 10m                             | 8                | 24          | 73493-02     |
| <b>2.12 Storage conditions</b>       | Keep away from sunlight.<br>Keep dry. |                  |             |              |
| <b>2.13 Shelf life/ Storage time</b> | 3 years.                              |                  |             |              |
| <b>2.14 Sterilization</b>            | Non-sterile.                          |                  |             |              |
| <b>2.16 Key quality parameters</b>   | Characteristic                        | Method           | Target      |              |
|                                      | Adhesion to steel (final product)     | Essity internal  | 2.8 N/cm    |              |

### 3.0 Chemical substances of special concern to Essity

Essity has defined chemical substances that are of special concern and are subject to specific restrictions. A reference to the list of substances can be found in Annex A2 via the following link [www.essity.com/gss](http://www.essity.com/gss)

Deviations are covered in 3.1 Components.

| <b>3.1 Components</b> | Raw materials used in product formulation |                         |
|-----------------------|---|-------------------------|
|                       | Substance                                 | Included in formulation |
|                       | Natural rubber Latex                      | Yes                     |
|                       | Lanolin and its derivatives               | Yes                     |
|                       | Colophony                                 | Yes                     |
|                       | Colophony derivatives                     | No                      |
|                       | Bisphenol A (BPA)                         | No                      |
|                       | Polyvinylchloride (PVC)                   | No                      |
|                       | Methylmethacrylate                        | No                      |
|                       | Butylacrylate                             | No                      |
|                       | Microplastics (<5 mm)                     | No                      |
|                       | Nanoparticles                             | No                      |
|                       | Fragrance/parfum                          | No                      |
|                       | Antibiotics                               | No                      |
|                       | Triclosan                                 | No                      |
|                       | Chlorhexidine                             | No                      |
|                       | Polyhexanide                              | No                      |
|                       | Raw materials used in the packaging       |                         |
|                       | Substance                                 | Included in formulation |
|                       | Polyvinylchloride (PVC)                   | No                      |
|                       | Natural rubber latex                      | No                      |

Recycled material

Carboard = Yes

Plastic = No

Raw materials used in the product formulation and in the packaging may contain small amounts of the substances listed above and not marked as included in formulation as well as amounts of other substances not listed above. As trace level analysis is not performed for each batch BSN medical S.A.S. cannot provide proof of absence.
